

OREGON  
*Family to Family*  
Health Information Center

**Oregon Family to  
Family Health  
Information Center**

We help all Oregon families to navigate the complex world of special health care needs.

We are family members who have first-hand experience raising a child or youth with physical health, emotional, behavioral or developmental challenges.

We help YOU find programs, services & support, and are knowledgeable about navigating insurance and health care systems for children with special needs.

Whether it is asthma, ADHD, anxiety, autism, epilepsy or another health issue that keeps your child going back to the doctor time after time,

Free help is a phone call away:

**1-855-632-6744**
